In particular, **EFB** is entitled to demand exactly the same type of subsequent performance (repair or replacement) from the supplier that **EFB** owes its clients in individual cases. **EFB's** statutory right of choice (Section 439 (1) German Civil Code (BGB)) is not restricted thereby.

B.6.02

Before **EFB** recognises or fulfils a claim for damages asserted by its clients (including reimbursement of expenses pursuant to Sections 445a (1), 439 (2) and 3 German Civil Code (BGB)), **EFB** will notify the supplier, providing a brief statement of the facts, and ask for a written statement. If no substantiated statement is provided within a reasonable period of time and an amicable solution cannot be found, the warranty actually provided by **EFB** shall be deemed to be owed to its client. In this case, the supplier bears the burden of proving otherwise.

B.6.03

The claims of **EFB** arising from supplier recourse shall apply even if the defective goods have been further processed by **EFB** or another contractor, e.g. by incorporation into another product.

B.7. Confidentiality and Products

B.7.01

EFB. The Supplier will also oblige its own suppliers, employees, fulfilment staff and assistants to uphold the same secrecy.

B.9.01

The place of performance for all deliveries and services is the destination specified by **EFB**.

B.9.03

The laws of the Federal Republic of Germany shall apply, to the exclusion of international uniform law, including but not limited to the UN Convention on Contracts for the International Sale of Goods (CISG).

C. General terms and conditions of service

C.1. Order confirmation / Minimum order

C.1.01

The following regulations shall apply where **EFB** delivers goods or performs services.

This also applies in particular to such deliveries and services which are made on the basis of an order via electronic data interchange (EDI).

C.1.02

The written order confirmation by **EFB**, where applicable in combination with the specifications sheet drawn up by **EFB**, shall determine the content of an individual contract. Oral agreements in the context of contract conclusions made with **EFB** employees who do not have authority to represent shall require written confirmation by **EFB** in order to be valid.

C.1.03

The client must provide **EFB** with all information and documents required or useful for the provision of the contractually agreed services. If specifications are prepared and presented to the client for examination and approval, these specifications shall bindingly establish the scope of services for both sides.

C.1.04

Statements on characteristics concerning the products and services of **EFB** shall only be attributed to **EFB** if these statements

- were issued by or made at the express instruction of **EFB**, or
- are expressly authorised by **EFB**, or
- are public statements and **EFB** was aware or had a duty to be aware of the statements for a period of four weeks and did not dissociate itself from them.

Assistants of **EFB** in terms of Art. 434 (1) BGB shall not include authorised dealers and clients of **EFB** who act as resellers. Adequate correction of statements on characteristics in terms of Art. 434 (1) BGB may in all cases be issued on the **EFB** website at www.efb-elektronik.de.

C.1.05

Statements on characteristics attributable to **EFB** which contain measurable values shall be subject to the allowance customary in the sector.

Any exceeding of this allowance does not automatically lead to assumption of a defect.

C.1.06

Due to the significant handling costs associated with each individual order, **EFB** charges an additional charge for small quantities of € 15.00 (net) for all orders under € 80.00 (net).

C.2. Retention of rights / Copyright

C.2.01

The drafts, models, layout plans, general arrangement and other drawings, text templates etc. created by **EFB** shall remain the intellectual property of **EFB**, including where the client has paid for the work.

The right to exploit these items and the intellectual achievements embodied by them is exclusively reserved to **EFB**.

C.2.02

EFB may attach its own company and brand labels. The client is not permitted to remove such labels attached by **EFB**.

C.2.03

The client shall be responsible to **EFB** for ensuring that the templates, drafts, plans, texts, trademarks etc. provided by him may be lawfully used and exploited.

C.2.04

Where **EFB** holds the sole copyright in control and other software delivered with equipment, the client shall merely be granted a non-exclusive licence to the software, specifically a licence to use the software exclusively for the purpose of operating the individual piece of equipment specified by contract.

C.2.05

The client is not permitted to duplicate the software or to use it in any other way.

C.2.06

The software may not be decompiled. To the extent that the client requires interface information, **EFB** will disclose the software interfaces upon request. The client shall only be permitted to decompile the software for interface analysis if **EFB** does not meet this request within a reasonable period of time; only the software parts necessary for this purpose shall be decompiled. A period of two weeks is deemed reasonable.

C.3. Shipping / Bearing of risk

C.3.01

The method of shipping shall be at **EFB's** discretion, unless a particular method is expressly specified.

C.3.02

Where the goods leave the **EFB** plant or warehouse, the client shall assume all risk. The shipment shall only be insured if expressly requested by the client, and if so shall be insured at the client's cost.

C.3.03

The risk shall transfer to the client upon handover of the goods to the shipping company, notification of readiness to dispatch, or making available by the agreed delivery date.

C.4. Delivery time / Permits / Time limits for repairs and similar

C.4.01

Delivery **dates** refer to a point in time, e.g. a specific day or a calendar week on which the delivery or service must occur.

Delivery **periods** refer to the period within which a delivery or service must occur.

Delivery **time** is the generic term for delivery dates and delivery periods.

C.4.02

All delivery **times** are subject to the proviso that service is available on the part of **EFB**. If the service is not available (non-availability), **EFB** will immediately inform the client of this, notifying him of the anticipated new delivery **time**. If the service is not available within the new delivery **time** either, **EFB** is entitled to withdraw from the contract in whole or in part; any consideration already paid by the client shall be refunded without undue delay. Cases of non-availability of performance in terms of this provision include in particular any late supply of **EFB** by its suppliers where **EFB** has concluded a congruent covering transaction agreement, neither **EFB** nor its supplier is at fault or **EFB** is, in the individual case, not under obligation to procure.

C.4.03

Any agreed delivery periods apply ex works, unless expressly agreed otherwise. Such delivery periods shall commence at the time specified in the order confirmation, at the earliest, however, once the documents, permits, release orders and delivery addresses to be provided by the client have been received, all details concerning the order have been clarified and the client has provided the agreed advance payments and/or securities.

Where a delivery **period** has been agreed, this shall be extended as appropriate if the client is in arrears with providing the documents, permits, delivery address notifications, advance payments or securities due.

Where a delivery **date** has been agreed, this shall be deferred as appropriate if the client is in arrears with providing the documents, permits, delivery address notifications, advance payments or securities due.

Delivery dates shall also be deferred and delivery periods be extended accordingly where the preconditions for the services to be rendered by **EFB**, to be created by the client himself or by a third party, are not given in due time.

C.4.04

Where permissions to be provided by **EFB**, which are a precondition for a lawful delivery, are delayed or fail to be granted at all for reasons for which **EFB** does not bear responsibility, **EFB** shall not be liable in this respect.

C.4.05

Where the client requests amendments to the order after order confirmation, the delivery term shall only commence upon confirmation of the amendment by **EFB**. Any agreed delivery dates shall be deferred accordingly.

C.4.06

The deadline for performance shall be extended as appropriate where unforeseen obstacles occur which **EFB**, despite all reasonable care, is unable to prevent due to the circumstances of the case, e.g. natural disasters, pandemics, official orders, blockades, war, terrorist attacks, strikes, lockouts and other labour disturbances, confiscation, embargo, total or partial failure of subcontractors or other circumstances for which **EFB** is not responsible, unless **EFB** has exceptionally expressly assumed the procurement risk or a delivery guarantee. In the aforementioned case, **EFB** shall also have the right to withdraw from the contract, insofar as this is not only a temporary impediment to performance

C.4.07

In cases where standard components cannot be used for repairs, warranty work, subsequent delivery or similar because the equipment in question is, as per agreement, a custom-made item, or because special components were installed, the period of performance to be granted to **EFB** shall be extended by the time necessary to procure the components in question, assuming timely ordering.

C.4.08

All claims for damages in place of delivery or for damages for delay shall be excluded in the cases described in Section **C.4.06** if **EFB** has informed the client without delay of the obstacles to performance.

C.4.09

The same shall apply to transactions for delivery by a fixed date. Such must be expressly agreed as such in writing.

C.4.10

In the event of default of delivery on the part of **EFB**, the client may demand lump-sum compensation for damage caused by default. The lump-sum compensation amounts to 0.5% of the net price (value of goods to be delivered) for each completed calendar week of default, but at most to 5% of the value of goods delivered late. **EFB** reserves the right to furnish proof that the client did not incur any damage, or significantly less damage than the aforementioned lump sum.

C.4.11

The statutory rights of **EFB**, in particular in case of an exclusion of the obligation to perform (e.g. due to impossibility or unreasonableness of the performance and/or subsequent performance), shall remain unaffected.

C.5. Part-deliveries / Additional and reduced quantities

C.5.01

EFB shall be entitled to deliver up to 10% additional or reduced quantity of uncountable goods without this constituting a breach of duty. Part-deliveries shall also be permitted to an extent which may reasonably be expected to be acceptable to the client.

C.5.02

Where **EFB** makes use of the right to supply part-deliveries or additional or reduced quantities, payments by the client may not be withheld for this reason.

C.6. Prices

C.6.01

Unless otherwise agreed, prices are quoted ex works or ex warehouse, **exclusive** of packaging.

C.6.02

Where packaging is necessary, **EFB** shall pack in accordance with the existing laws and proceed in accordance with Art. 15 of the German Packaging Act (*Verpackungsgesetz*).

C.6.03

Prices are quoted exclusive of the applicable VAT; the same applies to costs.

C.6.04

Where cost factors change after order confirmation, in particular the prices of raw and auxiliary materials and wage and transport costs, **EFB** may adjust prices accordingly if there is a period of over four months between order confirmation and delivery.

C.6.05

Where an installation, launch, maintenance operation, repair or other service is delayed for reasons which are not within the sphere of influence of **EFB** the client shall carry all resulting costs, in particular waiting costs and any additional travel costs and expenses incurred through the delay by employees and subcontractors engaged by **EFB** .

C.6.06

The legal consequences mentioned in **Section C.6.05** shall only apply where the client is responsible for the reasons for the delay.

C.7. Payment terms, Sending invoices

C.7.01

The provisions of the German Turnover Tax Law (*Umsatzsteuergesetz*) shall apply to advance payments.

C.7.02

Unless otherwise agreed, payments are due immediately.

C.7.03

At the latest, payments to be made to **EFB** are due 10 days from invoice date and the delivery or acceptance of the goods. Failure to pay by this date shall render the liable party in default of payment.

C.7.04

Place of performance for payments is the registered seat of **EFB**.

C.7.05

The client shall only be entitled to offset against claims which are undisputed or have been finally determined by a court of law. This restriction does not apply, however, if the counterclaim set off by the client is in a synallagmatic relationship to EFB's claim.

C.7.06

Excepting cases pursuant to **C.7.05**, the client shall have no right of retention.

Moreover, the rights pursuant to Art. 320 BGB are retained for as long as and to the extent that **EFB** has not fulfilled its warranty duties.

C.7.07

Where **EFB** accepts payment in cheques this shall always be on account of performance.

C.7.08

Payment by bill of exchange is excluded; **EFB** does not accept bills of exchange as payment. Where **EFB** accepts bills of exchange due to a special agreement to the contrary this shall always be on account of performance.

C.7.09

Where, after contract conclusion – or, in cases where a declaration of intent by the client is still required for contract conclusion, after the last declaration of intent by **EFB** with regard to the contract conclusion – the client experiences a significant deterioration in his financial situation, e.g. where bills of exchange or cheques are disputed, **EFB** may, at its discretion, request advance payment or securities for all outstanding services and deliveries from contracts under the same legal relationship (Art. 273 *BGB*). Where the client does not comply with the request, **EFB** may rescind said contracts or, after setting a period of grace,

claim damages in lieu of performance, specifically 25% of the non-executed order sum without the need for special proof, unless the client proves a lesser extent of damage.

EFB may request payment of damages exceeding the flat-fee amount only in individual cases where there is, exceptionally, an unusually high amount of damages.

C.7.10

The invoices of EFB are sent in principle only in electronic form, unless otherwise expressly agreed by way of exception. The client shall provide EFB with the information required for sending invoices electronically upon request.

C.8. Duty to inspect and notify

C.8.01

The client's claims in the case of defects are subject to the client having fulfilled its statutory duties to inspect and notify (Sections 377, 381 HGB) and having complied with the provisions of this Section C.8.

C.8.02

Deliveries by **EFB**, including drawings, implementation plans, planning suggestions etc. must be checked by the client for usability and compliance immediately upon handover.

C.8.03

Obvious defects must be notified to **EFB** immediately in writing, but at the latest within six days of arrival at the place of destination, stating exact details of the specific complaints.

C.8.04

Where goods are delivered directly to third parties the period of notification shall be extended to 14 days.

C.8.05

The client must notify hidden defects in writing immediately upon discovery, but at the latest within 6 days following discovery of the defect, in the form of section C.8.03.

C.9. Client's Claims for Defects (*Warranty*)

Warranty in these Terms and Conditions means: Claims for improper performance due to delivery of defective goods or manufacture of a defective product.

C.9.01

Unless stated otherwise below, the statutory provisions shall apply to the rights of the client with respect to material defects and defects in title (including incorrect and short deliveries, faulty assembly or incorrect assembly instructions). The special statutory provisions governing deliveries of unprocessed goods to end-clients remain unaffected in all cases (supplier recourse pursuant to Section 478 BGB), even if they have further processed them.

Supplier recourse claims are excluded if the defective goods were further processed by the client or another company, e.g. by incorporation into another product.

C.9.02

If the client does not comply with the inspection and notifying obligations according to Section C.8., **EFB** is not liable for any defects not reported.

C.9.03

The general limitation period for claims due to defects in quality and title is **12 months** from delivery or, if an acceptance has been agreed, from acceptance.

The statutory special provisions regarding limitation periods are unaffected (particularly Sections 438 (1) No. 1 and No. 2, (3), 444, 445b BGB and/or Section 634a (1) No. 2 and No. 3, (3) BGB).

C.9.04

The limitation period of **12 months** also applies to contractual and extracontractual claims for damages based on a defect of the goods.

However, this shortened period of limitation does not apply

- if the damage was caused by intent or gross negligence of **EFB** or its representatives or agents;
- in the case of damage from injury to life, body and health;
- in the event of a delay, if a fixed delivery date has been agreed;
- if a defect is maliciously concealed;
- if a guarantee has been provided and/or the risk of procurement or manufacturing in terms of Section 276 BGB has been assumed by **EFB**;
- in cases of mandatory statutory liability, especially according to the German Product Liability Act (*Produkthaftungsgesetz*).

The aforesaid regulations do not involve any change of the burden of proof to the disadvantage of the client.

C.9.05

Where the warranty period is impeded or interrupted by work or substitute deliveries by **EFB** this impediment or interruption shall only extend to the functional unit affected by the substitute delivery or remedial work.

C.9.06

In case the client has a right to supplementary performance, **EFB** shall initially decide whether the supplementary performance is to take place through elimination of the defect (rectification) or through delivery of flawless goods (replacement delivery). The right to refuse supplementary performance under the statutory conditions remains unaffected.

C.9.07

EFB does not accept liability for damages for which **EFB** is not responsible. This includes, for example, damage incurred for the following reasons: Unsuitable or inappropriate use, incorrect installation or commissioning by the client or a third party, natural wear-and-tear, incorrect or negligent treatment, unsuitable

operating materials or substitute materials, defective building work, unsuitable foundation, or chemical, electromagnetic, electrochemical or electrical impacts, unless attributable to a fault on the part of **EFB**.

C.9.08

EFB does not provide any warranty for components provided by the client. The client alone shall be responsible for the suitability and quality of such components, unless expressly agreed otherwise.

C.9.09

Where the client fails to observe the operating and maintenance instructions it shall be assumed that any damage incurred is due to this omission. In this case, the burden of establishing the facts and the burden of proof of the contrary shall be on the client.

C.9.10

EFB may make supplementary performance conditional upon the payment of the due purchase price by the client. However, the client may withhold a portion of the purchase price that is reasonable in proportion to the defect.

C.9.11

Work on the goods supplied by **EFB** or other services rendered by **EFB** shall only be deemed work to remove or rectify defects

- **if** the existence of the defects has been expressly acknowledged by **EFB**
- **or if** notifications of defects have been proven
- **and if** these proven notifications of defects are justified.

In the absence of these conditions, such work shall be regarded as additional services.

C.9.12

In all other regards also, remedial work or substitute deliveries by **EFB** shall be performed as additional services unless they are performed under express acknowledgment of a legal duty.

C.9.13

Expenses required for inspection or supplementary performance, in particular for transport, travel, labour and material costs as well as if necessary removal and installation costs shall be borne or reimbursed by **EFB** according to legal provisions if a defect in fact exists. Otherwise, **EFB** may demand reimbursement of the costs incurred from the unjustified defect elimination request (including but not limited to inspection and transport costs), unless the non-existence of the defect was not obviously detectable by the client.

C.9.14

Where equipment supplied by **EFB** is installed or operated outside the client's principal place of business, despite the relevant contract having been concluded with a branch or head office of the client located in Germany, the client shall bear the additional costs incurred as a result of any warranty measures to be performed by **EFB** involving transport costs, travel expenses and other costs of working outside the German borders.

C.9.15

The client shall grant **EFB** the necessary time and opportunity to carry out the remedial work and substitute deliveries due under the warranty. The client shall only have the right to rectify a defect himself or through third parties and claim compensation for the required costs from **EFB** where **EFB** is in arrears with regard

to rectification of a defect, and in urgent cases of risk to operational safety and to prevent disproportionately high damages, in which case **EFB** must be notified immediately.

C.9.16

The client's right to reduce the price (reduction) is subject to **EFB's** consent.

C.9.17

Where supplementary performance has failed, or a period of grace for supplementary performance to be set by the client has expired unsuccessfully (Section 323 (1) and/or Section 281 (1) BGB), or is unnecessary according to statute (Section 323 (2) and/or Section 281 (2) BGB), or may be refused by **EFB** pursuant to Section 439 (3) BGB and/or Section 635 (3) BGB, or the client may not reasonably be expected to accept subsequent performance, the client may withdraw from the contract or reduce the price. However, no right of rescission applies in the case of a minor defect.

C.9.18

Claims of the client for damages or compensation for wasted expenditure are also excluded in the case of defects pursuant to Section C.10.01 and only exist in the cases which fall under Section C.10.02.

C.10. Other Liability

C.10.01

Unless provided otherwise in these General Terms and Conditions and subject to Section C.10.02 below, any claims of the client for damages and compensation of expenses against EFB are excluded, regardless of legal grounds. In particular, this also applies to tort claims (e.g. Section 823 BGB).

Insofar as liability is excluded or limited, this also applies to the personal liability of the employees, staff members, representatives and vicarious agents of EFB.

C.10.02

The limitations of liability in these General Terms and Conditions do not apply

- if the damage was caused by intent or gross negligence of **EFB** or its representatives or agents;
- in the case of culpable breach of material contractual obligations, in which case damage payments are limited to damage which is typical for the type of contract and foreseeable at the conclusion of the contract. Material contractual obligations are obligations that protect legal positions of the contracting party that are material to the contract, which the contract must grant it under consideration of its content and purpose, as well as contractual obligations the fulfilment of which is essential to the due performance of the contract, and compliance with which the client has regularly relied on and may rely on;
- in the case of damage from injury to life, body and health;
- in the event of a delay, if a fixed delivery date has been agreed;
- if a defect is maliciously concealed;
- if a guarantee has been provided and/or the risk of procurement or manufacturing in terms of Section 276 BGB has been assumed by **EFB**;

- in cases of mandatory statutory liability, especially according to the German Product Liability Act (*Produkthaftungsgesetz*).

The aforesaid regulations do not involve any change of the burden of proof to the disadvantage of the client.

C.10.03

In the case of a breach of an obligation that does not consist of a defect, the client may only rescind or terminate the contract if **EFB** is responsible for the breach of the obligation. Any unlimited right of termination of the client (especially pursuant to Sections 650, 648 BGB) is excluded. Apart from this, the statutory conditions and legal consequences apply.

C.11. Make-and-hold orders

C.11.01

Where make-and-hold orders are not claimed within four weeks of expiry of the agreed claiming period, **EFB** shall be entitled to request payment.

C.11.02

The same shall apply to make-and-hold orders without a specially agreed claiming period if the order has not been claimed four months after receipt of the notification of readiness for dispatch by **EFB**.

C.12. Storage/ Delay in acceptance

C.12.01

If temporary storage of finished goods by **EFB** becomes necessary due to a default in acceptance [*Annahmeverzug*], this does not give rise to a contract to provide storage.

C.12.02

EFB shall not be obliged to insure the stored goods.

C.12.03

In cases of delay in acceptance, **EFB** may store the goods in a commercial warehouse at the client's risk and expense.

C.12.04

EFB may invoice storage at **EFB** at 0.5% of the invoice amount per month; at least, however, at € 30 and an additional € 25 upwards of every other full cubic metre of goods per month.

C.12.05

The two items above shall also apply where, at the client's request, dispatch is delayed more than two weeks beyond the notified readiness for dispatch.

C.12.06

If the client does not accept the ordered goods despite a time limit having been set, **EFB** shall, irrespective of proof of actual damage, be entitled to claim 25% of the agreed price as a flat fee, unless the client proves that the actual amount of damage was less.

C.13. Retention of title

C.13.01

All deliveries by **EFB** shall be subject to retention of title.

C.13.02

This retention of title and its extension below shall apply until all claims from the commercial relationship with the client are settled and until complete release from all contingent liabilities which **EFB** has entered into in the interest of the client and which are associated with the delivery has taken place.

C.13.03

Supplied objects may not be pledged.

C.13.04

EFB may request surrender of its reserved goods for good cause, in particular in case of delayed payment, against crediting of the proceeds of sale. This request to surrender shall not constitute a revocation of contract.

C.13.05

If and to the extent that the returned goods may be sold by **EFB** as new in the ordinary course of business the client shall, without further proof, be liable to pay 10% of the goods' invoice value as return costs. Where sale as new is not possible in the ordinary course of business the client shall, without further proof, be liable to pay a further 30% of the goods' invoice value to compensate for loss of value. The client shall in each case have the right to prove a lower percentage.

C.13.06

EFB reserves the right to claim for other damage exceeding the above.

C.13.07

Handling and processing of the goods supplied by **EFB** are always carried out on behalf of **EFB**, so that the goods remain the property of **EFB** in all handled and processed conditions, including as the finished product, to the exclusion of the consequences of Art. 950 BGB. Where reserved goods are processed with other objects also supplied subject to the exclusion of the legal consequences pursuant to Art. 950 BGB, **EFB** shall at least acquire co-ownership of the new thing proportionate to the invoice value of the **EFB** goods to the invoice value of the other processed objects.

C.13.08

The client herewith assigns in advance all claims from the resale (including claims to be assigned/acquired in the course of factoring), processing, installation and any other use of our goods to **EFB**. Where the products sold, processed or installed by the client include items which are not the property of the client and which are also subject to an agreement of retention of title with a disposal clause and advance assignment with other suppliers, that amount of co-ownership of **EFB** which is equivalent to the fraction of the claim shall be assigned; otherwise the full amount shall be assigned.

C.13.09

The direct debit authorisation remaining for the client despite the assignment shall be cancelled by revocation, permissible at any time.

C.13.10

Where the value of the securities to which **EFB** is entitled exceeds **EFB's** claim against the client by 50% in case of supply of goods and by 20% in case of any other services **EFB** shall be obliged, at the client's request, to release the securities to the appropriate extent, chosen at **EFB's** discretion.

C.14. Place of performance

C.14.01

Place of performance for services to be rendered by **EFB** is always the **EFB** plant.

C.14.02

Place of performance for deliveries is the plant or the warehouse of **EFB**, including, in particular, where **EFB** undertakes transport itself.

C.15. Headings/ Definitions

C.15.01

All titles in the Terms and Conditions of Business of **EFB** merely serve to enhance readability and shall have no impact on the meaning and interpretation of the individual provisions.

C.15.02

All declarations made in text form (e.g. by fax or email) shall be deemed written declarations of intent and knowledge within the meaning of the **EFB** Terms and Conditions of Business.

C.16. Jurisdiction and Substantive Law

C.16.1

Where the client is a merchant in terms of the German Commercial Code (HGB), a corporate body under public law or a special fund under public law, the exclusive – and international – place of jurisdiction for all disputes arising directly or indirectly from the contractual relationship is the registered domicile of **EFB** in Bielefeld.

However, **EFB** is in any case also entitled to bring legal action at the place of performance of the supply obligation pursuant to these General Terms of Service or an overriding individual agreement, or at the client's general place of jurisdiction. This shall not affect overriding statutory provisions, in particular pertaining to exclusive competence.

C.16.02

The laws of the Federal Republic of Germany shall apply, to the exclusion of international uniform law, including but not limited to the UN Convention on Contracts for the International Sale of Goods (CISG).

If the choice of German law is not permissible or invalid according to the law at the respective location of the goods the conditions and effects of the retention of title pursuant to **Section C.13.** shall be governed by same law.

C.17. Miscellaneous

Should any provision of these Terms and Conditions or a provision included in them later on be or become fully or partially invalid, void or unenforceable or should these Terms and Conditions turn out to have a gap, this shall not affect the validity of the other provisions. Sections 306 (2) and (3) BGB remain unaffected.

D. Special Terms and Conditions for the "EFB Web-Shop"

D.1 Scope of application/ Definitions

D.1.01

For the business relationship between **EFB** as Web-Shop provider and the client, the Special Terms and Conditions for the "**EFB** Web-Shop" shall apply exclusively in the version valid at the time of the order. Deviating general terms and conditions of the client shall not be recognised unless **EFB** expressly agrees to their validity in writing.

D.1.02

The client is a consumer if the purpose of the ordered deliveries and services cannot be attributed predominantly to his commercial or independent professional activity.

In contrast, an entrepreneur is any natural or legal person or partnership with legal capacity who, when concluding the contract, acts in the exercise of his commercial or self-employed professional activity.

D.2 Scope of offer/ Conclusion of contract/ Language of contract/ Use of password

D.2.01

The offer of EFB in its web shop is exclusively directed at entrepreneurs and not at consumers.

The client expressly confirms that he orders from EFB in his capacity as an entrepreneur and that the order is placed by a person authorised to represent the client.

D.2.02

The client can select products from the assortment of **EFB** after corresponding registration and collect them in a so-called shopping basket by means of the button "add to shopping basket". By clicking on the button "pay order ", the client submits a binding application to purchase the goods in the shopping basket. Before sending the order, the client can change and view the order data at any time. However, the application can only be submitted and transmitted if the client has accepted these General Terms and Conditions by clicking on the "Accept GTC" button and has thereby included them in his application.

D.2.03

EFB will then send the client an automatic acknowledgement of receipt by e-mail, in which the client's order is listed again and which the Client can print out using the "Print" function. The automatic confirmation of receipt merely documents that the order of the client has been received by **EFB** and does not constitute an acceptance of the application.

The contract is only concluded by the submission of the declaration of acceptance by **EFB**, which is sent with a separate e-mail (order confirmation). In this e-mail or in a separate e-mail, but at the latest upon delivery of the goods, the text of the contract (consisting of the order, the GTC and the order confirmation) is sent to the client on a durable medium (e-mail or paper printout) (contract confirmation). The contract text is not stored at **EFB** and is not accessible to the client.

D.2.04

The contract shall be concluded in the German language.

D.2.05

When registering in the **EFB** Web-Shop, the client shall assign a secure password for his user account, which may only be known to persons authorised to represent the client. The client must keep the password

strictly secret and protect it from access by unauthorised persons. In the event of an order, the client may not invoke the fact that a person who is not authorised to represent the client has initiated the order process, unless the client can prove that it has protected and kept the password in accordance with the specifications.

D.3 Delivery times/ Prices

D.3.01

Any delivery times stated are non-binding and are calculated from the time of order confirmation, provided that the purchase price has been paid in advance (except in the case of purchase on account).

D.3.02

The prices quoted are exclusive of the statutory value added tax applicable at the time and are ex works or ex warehouse, excluding packaging. Any duties, fees, taxes and other public charges shall be borne by the client.

D.4 Payment Terms

The client is entitled to pay by direct bank debit, advance payment, cash on delivery or on account. Payment on account is only possible for new clients for the first order up to an order value of 500,- EUR.

D.5 Supplementary validity of the GTCs

In addition, the sections A. and C. of these General Terms and Conditions of **EFB** shall apply to the order or conclusion of contracts via the **EFB** Web-Shop.
