THE 19" PEL NETWORK CABINET

IN DETAIL

FUNCTIONAL AND ATTRACTIVELY PRICED

The new 19" PEL network enclosures provide you with a reliable and economical solution that is both functional and attractively priced.

BUT YOU DON'T HAVE TO DO WITHOUT ANYTHING

Inexpensive to purchase, powerful in performance: load capacity of up to 800 kg, tested and ready for immediate use - in keeping with EFB quality.

SAFELY STOWED - RELIABLY PROTECTED

Lockable, with protection class IP20: The cabinet reliably protects your components from solid foreign bodies and is ideal for indoor use.
